# Collecting Royal Doulton Figure Sets and Series

A collection of Royal Doulton figures can begin from a variety of sources – a treasured gift, a souvenir from a vacation or simply the sheer appreciation of Royal Doulton's superior craftsmanship. Since it would be almost impossible to collect every Royal Doulton figure ever made, one way to narrow your focus is to start with established sets and series. At Seaway China, we are excited to present our first catalog dedicated solely to collecting Royal Doulton sets and series – some of them classics and some newly released for this year. Whether starting a new collection or completing an existing one, we hope that you find this catalog helpful. Happy collecting!
